Introduction

This information booklet is designed to provide you with information about the services provided by the Queensland Ambulance Service (QAS) and our approach to providing you a safe, fair and supported environment to participate in training and assessment. This handbook does not provide you with specific information about a particular course offered by QAS. Course information is available on our website at www.ambulance.qld.gov.au.

Finding Us

Venues for our public courses can be found at www.ambulance.qld.gov.au or by phoning 13 QGOV (13 7468).

Parking

Whilst you are attending our site by vehicle, you will need to park in the allocated parking if available. Street parking or paid parking may be required in some locations. Please note that where your course is scheduled at an operational ambulance station, you will be required at all times to ensure your vehicle does not block the entry and exit of emergency vehicles.

Public Transport

Public transport options may be available in some locations. Please check your course confirmation information for location details to assist you in locating public transport if available.

Lunch Options

Some locations may have eateries nearby, however this is not always the case. QAS recommends that you bring your own lunch to your course.

Our Trainers

Our First Aid Instructors are qualified, dedicated professionals who have current industry experience and qualifications in a range of industries. Their industry experience is continually up to date by participating in professional development activities, therefore giving our students the best practical industry experience.

At QAS we deliver a nationally accredited qualification via training face-to-face, online and in the workplace. When you study with QAS, your First Aid Instructor will be always there to assist you throughout your course.

QAS trainers are all professionally qualified trainers and have personal industry and job role experience. Our trainers deliver their training in a way that students will enjoy.
**Our expectation of you**

QAS expects you:

- To contribute to learning in a harmonious and positive manner irrespective of gender, race, sexual preference, political affiliation, marital status, disability or religious belief.

- To comply with the rules and regulations of QAS.

- To be honest and respectful, which includes not falsifying work or information and not conducting yourself in any way that may cause injury or offence to others?

- To be responsible for your own learning and development by participating actively and positively and by ensuring that you maintain progress with learning modules.

- To monitor your own progress by ensuring that assessment deadlines are observed.

- To utilise facilities and QAS publications with respect and to honour our copyrights and prevent our publication from being distributed to unauthorised persons.

- To respect other students and QAS staff members and their right to privacy and confidentiality.

**Unique Student Identifier**

The Unique Student Identifier (USI) Scheme was introduced on 1 January 2015.

From 1 January 2018 a USI must be collected and verified for all students attending all nationally recognised courses.

From this date you will be unable to enrol in a QAS first aid course unless you provide your USI number, and new Statement of Attainment qualifications can only be issued to students with valid, verified USIs.

Students are responsible for obtaining their own USI and advising valid USI details.

The reporting of USIs for all students enable students to obtain authenticated records of all nationally recognised training undertaken, regardless of where the training occurred and the training provider. These records are obtained via the USI Transcript Service.

For more information on creating USIs or national USI Transcripts, please visit the USI Office [www.usi.gov.au](http://www.usi.gov.au).
Your safety

QAS is committed to providing you a safe environment in which to participate in training and assessment. We are aware under the Work Health and Safety Act 2011 of our responsibilities to maintain a safe environment.

The following guidelines are provided as a basis for safe practice in the training environment:

- Know and observe details of emergency response and evacuation plans;
- Do not undertake activities which may cause injury to self or others;
- Be responsible for your own actions;
- No smoking at the training and assessment facilities or offices;
- Report all potential hazards, accidents and near misses to the RTO staff;
- No consumption of alcohol within training and assessment facilities or during the conduct of training and assessment;
- Keep training and assessment areas neat and tidy at all times;
- Seek assistance if you volunteer to lift items e.g. move furniture in a training area; and

Electrical equipment

- Electrical equipment that is not working should be reported to QAS staff.
- Electrical work should only be performed by appropriately licensed or trained personnel. Students, trainers and assessors should not undertake any task related to fixing electrical equipment such as lighting or electrical training aids.

Fire safety

- QAS will undertake to communicate the procedures involved in evacuation and the location of fire equipment to students at each facility for each training and assessment event; and to users of the office according to internal departmental procedures.
− All users of a training and assessment facility need to be familiar with the location of all EXITS and fire extinguishers. Users will consult available maps to determine location.

− It is the user's responsibility to understand fire drill procedures displayed around the premises.

− Users are asked to attend any sessions on fire safety procedures and the use of fire safety devices.

First aid

− Provision for first aid facilities are available where training is delivered.

− All accidents must be reported to staff.

− The accident and any aid administered must be recorded by staff involved, in the injury register.

− Students, trainers and assessors are encouraged not to lift anything related to the training and assessment provided by QAS unless they do so voluntarily and taking all responsibility for any injury caused.

− Never attempt to lift anything that is beyond your capacity.

− Always bend the knees and keep the back straight when picking up items.

− If you have experienced back problems in the past do not attempt to lift heavy objects at all. Ask someone else to do it for you.

Work & study areas

− Always ensure that all work areas are clean and clear of clutter so as to avoid the danger of accident by tripping or falling over.

− Place all rubbish in the bins provided.

In the event that discrimination and harassment is found to have occurred disciplinary action will be taken against any staff member who breaches this policy. Suspected criminal behaviour will be reported to police authorities.
immediately. Students should expect fair and friendly behaviour from QAS staff members and we apply complaint handling procedures advocated by the Australian Human Rights and Equal Opportunity Commission (HREOC).

Students who feel that they have been discriminated against or harassed should report this information to a staff member of QAS that they feel they can trust. This will initiate a complaints handling procedure which will be fair and transparent and will protect your rights as a complainant. Alternatively, if a student wishes to report an instance of discrimination or harassment to an agency external to QAS, they are advised to contact the HREOC Complaints Info-line on 1300 656 419.

QAS may discontinue training if fees are not paid as required. Fees for public courses are available at [www.ambulance.qld.gov.au](http://www.ambulance.qld.gov.au).

### Student cancellation

Students who cancel their enrolment prior to commencement or part way through a training program must notify QAS at the soonest opportunity, preferably in writing. Students who cancel their enrolment after a training program has commenced may not be entitled to a refund of fees. Students are advised to consider alternative options such as requesting to suspend their enrolment and re-commencing in another scheduled training program.

QAS accepts payment for fees using:

- Credit Card
- Cheque (made payable to QAS)
- In accordance with invoice payment terms (if an invoice is issued).
Substitutions and Transfers

Our Guarantee to Clients

If for any reason QAS is unable to fulfil its service agreement with a student, QAS must issue a full refund for any services not provided. The basis for determining “services not provided” is to be based on the units of competency completed by the student and which can be issued in a statement of attainment at the time the service is terminated.

For more information about our Fees, Charges and Refund Policy, please visit https://bookings.qld.gov.au/services/firstaid/legal/terms/.

Access to your records

You are entitled to have access to your student file and learning and assessment records on request. You may require these to monitor your progress with training or simply to go back and confirm something in a previous training module. Whilst these records will be retained by QAS, you are welcome to have access anytime just ask your trainer and it will be organised immediately.

You can access hard copy records and reports from our student management system, but only relating to you personally. You can request this access using the Student Records Request Form. Access to requested records during a work day will be arranged as soon as possible and definitely within 24 hours. Students should note that these records cannot be taken away unless a copy is requested. Where photocopies are requested, QAS reserves the right to charge a one-off photocopy fee of $10.00. There is no cost to simply view records at our office.

Continuous improvement

QAS is committed to the continuous improvement of our training and assessment services, student services and management systems. Central to this commitment is our approach to continuous improvement and the procedures we apply to achieve systematic and sustained improvement.

Suggesting improvements

The primary method of reporting opportunities for improvement by students is via the continuous improvement reporting procedure. This procedure allows any person to
raise a Continuous Improvement Report for consideration by the Continuous Improvement Committee. Often these reports will be generated after an opportunity for improvement has been identified by a staff member or student. The Continuous Improvement Report template is available on request. Students are encouraged to provide feedback to QAS so we can improve our services in the future.

**Learner satisfaction survey**

At the completion of your training program, you will be issued with a Feedback Form and Learner Satisfaction Survey. The Learner Satisfaction Survey is a nationally consistent survey tool which is designed to collect feedback from students about their experience with an RTO and in undertaking nationally recognised training. Your completion and return of this survey is important to QAS for our ongoing improvement of services and to enable us to report this information to our registering authority. Your assistance in gathering this survey data is greatly appreciated.

**Assessment**

At QAS assessment is conducted using a variety of methods. The most appropriate methods of assessment have been chosen for the course you are enrolled in. Assessment methods may include: Written Knowledge Assessment (multiple choice and/or short answer), Research Tasks, Case Studies, Work Log Book, Supervisor Feedback and Workplace Observation.

The following provides a brief explanation of the primary assessment methods:

- **Written Knowledge Assessment**: The student is required to provide a written response to a range of questions relating to required knowledge of the units of competency. These would generally be short answer response activities and may include other questioning methods including multiple-choice.

- **Research Tasks**: The student is required to undertake research within their own workplace and the available reference material and provide a written response to each question. These assessment activities are usually short to medium answer response activities. The responses provided by the student will largely be specific to their workplace.

- **Case Study Response**: The student is required to provide a written response to a situation presented in a case study scenario. This will usually require the student to consider carefully the situation presented, undertake some research to inform their response and
then to propose their recommended actions.

- **Workplace Log book:** The student is required to record details of their work activity completed during the work placement. These details are recorded against specified tasks which are predesigned for the student to complete. This forms an important part of the assessment evidence as it often includes critical evidence that is otherwise difficult for the assessor to observe.

- **Supervisor Feedback:** The assessor will periodically engage with workplace supervisors to seek their feedback about the student’s performance. This is undertaken as an interview with a duration of approximately 15 to 20 minutes. This interview can be undertaken over the phone or face to face. Feedback from a supervisor is recorded into the assessment record.

- **Workplace Observation:** The student will be observed performing specific tasks in their day-to-day work activities. The assessor will attend the workplace and observe the student performing tasks relevant to the units of competency being assessed. The student will be briefed on these observation activities in events and is required to make arrangements to undertake these activities when the assessor is in attendance at the workplace.

## Re-assessment

Students who are assessed as not yet competent are to be provided with detailed verbal and written feedback to assist them to identify the gaps in their knowledge and skills to be addressed through further training. These students are to be provided with additional training and learning support to target their specific gaps in knowledge and/or skills and prepare them for additional assessment.

It is the policy of QAS to provide three opportunities for additional training and re-assessment at no additional cost to the student or employer. Students who require additional training and re-assessment after they have exhausted their three opportunities will be required to pay a fee for additional training and re-assessment. Please refer to the current fee schedule to identify the re-assessment fee.

Student’s requiring additional learning support are to be brought to the attention of QAS management so the progress of the student can be monitored closely and additional support services can be applied well before it becomes necessary to impose an additional fee for re-assessment. Where students repeatedly do not demonstrate competence following
significant learning and assessment support, a student’s enrolment can be determined through mutual agreement.

**Language, literacy & numeracy skills**

Language, literacy and numeracy skills are critical to almost all areas of work. This is particularly true in many vocations where language, literacy and numeracy skills influence the performance of workplace tasks such as measuring, weighing and comprehending written work instructions.

To support this approach QAS will:

- Assess a student’s language, literacy and numeracy skills during their enrolment to ensure they have adequate skills to complete the training;

- Support students during their study with training and assessment materials and strategies that are easily understood and suitable to the level of the workplace skills being delivered;

- Provide clear information to students about the details of the language, literacy and numeracy assistance available. QAS generally recommend the LLN training courses provided by TAFE. These institutes have specialist teachers to support the student’s development.

- Refer students to external language, literacy and numeracy support services that are beyond the support available within QAS and where this level of support is assessed as necessary; and

- Negotiate an extension of time to complete training programs if necessary.

**Making complaints & appeals**

QAS is committed to providing a fair and transparent complaints and appeals process that includes access to an independent external body if necessary.

**What is a complaint?**

A complaint is negative feedback about services or staff which has not been resolved locally. A complaint may be received by QAS in any form and does not need to be formally documented by the complainant in order to be acted on. Complaints may be made by any person but are generally made by students and/or employers.
What is an appeal?

An appeal is an application by a student for reconsideration of an unfavourable decision or finding during training and/or assessment. An appeal must be made in writing and specify the particulars of the decision or finding in dispute. Appeals must be submitted to QAS within 28 days of the student being informed of the assessment decision or finding.

How do I make a complaint or an appeal?

Please contact QAS via the contact details listed on page 1 of this Student Handbook.

Appeals must be made in writing and can be lodged via the website, email and mail.

Early resolution of complaints & appeals

In all cases, issues that arise during training and assessment that are the source of frustration or are in dispute should be resolved at the time, as they occur between the persons involved, where possible. Sometimes, it will not be possible and in these cases you are encouraged to come forward and inform us of your concerns with the confidence that you will be treated fairly.

Complaint and appeals handling

QAS applies the following principles to its complaints and appeals handling:

− A written record of all complaints is to be kept by QAS including all details of lodgement, response and resolution. QAS will maintain a complaints register to be used to record the details of the complaint and to maintain a chronological journal of events during the complaint handling process. Records relating to complaint handling are stored securely to prevent access to unauthorised personnel.

− A complainant is to be provided an opportunity to formally present his or her case at no cost.

− Each complainant may be accompanied and/or assisted by a support person at any relevant meeting.

− The handling of a complaint is to commence within seven (7) working days of the lodgement of the complaint and all reasonable measures are taken to finalise the process as soon as practicable.

− The complainant is to be provided a written response to the complaint, including details of the reasons for the outcome. A written response
must be provided to the complainant within fourteen (14) days of the lodgement of the complaint.

- Complaints must be resolved to a final outcome within sixty (60) days of the complaint being initially received. Where QAS Chief Executive Officer considers that more than 60 calendar days are required to process and finalise the complaint, the CEO must inform the complainant in writing, including reasons why more than 60 calendar days are required. As a benchmark, QAS will attempt to resolve complaints as soon as possible. A timeframe to resolve a complaint within thirty (30) days is considered acceptable and in the best interest of QAS and the complainant. A complainant should also be provided with regular updates to inform them of the progress of the complaint handling. Updates should be provided to the complainant at a minimum of four (4) weekly intervals.

- QAS shall maintain the enrolment of the complainant during the complaint handling process.

- Decisions or outcomes of the complaint handling process that find in the favour of the student shall be implemented immediately.

- Complaints are to be handled in the strictest of confidence. No QAS representative will disclose information to any person without the permission of QAS Chief Executive Officer. A decision to release information to third parties can only be made after the complainant has given permission for this to occur. This permission should be given using the Information Release Form.

- Complaints are to be considered and handled to ensure the principles of natural justice and procedural fairness are applied at every stage of the complaint handling process. This means that the complainant is entitled to be heard with access to all relevant information and with the right of reply. The complainant is entitled to have their complaint heard by a person that is without bias and may not be affected by the decision. Finally the decision must be made based on logical evidence and the decision-maker must take account of relevant considerations, must act for a proper purpose and must not take into account irrelevant considerations.

**Review by an independent person**

QAS provides the opportunity for persons making a complaint or an appeal who are not satisfied with the
outcomes of the complaints and appeals handling process to seek a review by an independent person. To facilitate this, QAS will engage a suitably qualified and experienced VET consultant to provide this review impartially on behalf of the student.

**Review by external agency**

- Where the complainant or person lodging an appeal is not satisfied with the handling of the matter by QAS, they are to have the opportunity for a body that is independent of QAS to review his or her complaint or appeal following the internal completion of complaint or appeals process.

- Students who are not satisfied with the process applied by QAS may refer their grievance to the following external agencies:

  - **Unresolved complaints** may be referred to the Australian Skills Quality Authority - ASQA Online Complaint Form [click here](#). Students are to be advised that ASQA will require the student to have exhausted all avenues through QAS internal complaints handling procedure before taking this option.

  - **Unresolved Appeals** in relation to consumer related issues may be referred to the Office of Fair Trading.
− **National Training Complaints Hotline** also provides an opportunity for students to lodge their grievance with an external agency who will follow up and investigate their complaint. This service can be accessed via the following phone number: 13 38 73.

**Recognition of your existing skills & knowledge**

In accordance with the requirements of the Standards for NVR Registered Training Organisations, QAS provides the opportunity, where suitable, for students to apply to have prior learning recognised toward a qualification or units of competence for which they are enrolled.

**What is recognition?**

Recognition involves the assessment of previously unrecognised skills and knowledge that an individual has achieved outside the formal education and training system. Recognition assesses this unrecognised learning against the requirements of a unit of competence, in respect of both entry requirements and outcomes to be achieved. By removing the need for duplication of learning, recognition encourages an individual to continue upgrading their skills and knowledge through structured education and training towards formal qualifications and improved employment outcomes. This has benefits for the individual and industry. Most importantly, it should be noted that recognition is just another form of assessment.

**Recognition guidelines**

The following guidelines are to be followed when an application for recognition is received:

− Any student is entitled to apply for recognition in a course or qualification in which they are currently enrolled, where QAS does not apply an exemption.

− Students may not apply for recognition for units of competence or a qualification which are not included in QAS scope of registration. QAS scope of registration is available at [www.training.gov.au](http://www.training.gov.au) (RTO code 5285).

− Whilst students may apply for recognition at any time, they are encouraged to apply before commencing a training program. This will reduce unnecessary training and guide the student down a more efficient path to competence.

− Students who are currently enrolled in a training program are eligible to
apply for recognition in that program at no additional charge.

- Assessment via recognition is to apply the principles of assessment and the rules of evidence.

- Recognition may only be awarded for whole units of competence.

**Recognition exemptions**

- Recognition of Prior Learning (RPL) for standalone first aid units of competency from the Health Training Package is not offered by QAS due to industry requirements for currency in skill and knowledge, industry requirements for regular training, and regular changes to clinical information. QAS has an obligation to ensure that student knowledge and skill in first aid training is current, and therefore RPL is not an appropriate assessment method.

- Where RPL is not an appropriate assessment method, QAS may offer “challenge testing” on request, which involves assessment only (no training) in the required knowledge and skills. Standard course fees apply. For more information about assessment-only “challenge testing” please email firstaidtraining@ambulance.qld.gov.au

**Forms of evidence for recognition**

Recognition acknowledges that workplace skills and knowledge may be gained through a variety of ways including both formal and informal learning or through work-based or life experience.

Like assessment, recognition is a process whereby evidence is collected and a judgement is made by an assessor or assessment team. The judgement is made on evidence provided by candidates of the skills and knowledge that they have previously learnt through work, study, life and other experiences, and that they are currently using. It also includes evidence to confirm a candidate’s ability to adapt prior learning or current competence to the context of the intended workplace or industry.

Forms of evidence toward recognition may include:

- Work records;

- Records of workplace training;

- Assessments of current skills;

- Assessments of current knowledge;

- Third party reports from current and previous supervisors or managers;
Queensland Ambulance Service

- Evidence of relevant unpaid or volunteer experience;
- Examples of work products;
- Observation by an assessor in the workplace;
- Performance appraisal; or
- Duty statements.

Many of these forms of evidence would not be sufficient on their own. When combined together, with a number of evidence items, the candidate will start to provide a strong case for competence. QAS reserves the right to require candidates to undertake practical assessment activities of skills and knowledge in order to satisfy itself of a candidate’s current competence.

**Evidence requirements**

If you are seeking national recognition you are required to present your statement of attainment or qualification for examination to QAS. These documents will provide the detail of what units of competence you have been previously issued. You must provide satisfactory evidence that the statement of attainment or qualification is authentic, is yours and that it has been issued by an Australian RTO. Statements of attainment or qualifications should be in the correct format as outlined in the Australian Qualifications Framework. You are required to submit copies only which are certified as a true copies of the original.

**National recognition guidelines**

The following guidelines are to be followed in relation to national recognition:

- Any student is entitled to apply for national recognition in a course or qualification in which they are currently enrolled.
- Students may not apply for national recognition for units of competence or qualification which are not included in QAS scope of registration.
- Whilst students may apply for national recognition at any time, they are encouraged to apply before commencing a training program. This will reduce unnecessary training and guide the student down a more efficient path to competence.

- The student does not incur any fees for national recognition and QAS does not receive any funding when national recognition is granted.

- National recognition may only be awarded for whole units of competence. Where a mapping guide identifies a partial credit, this will not be considered for national recognition and applicants will be advised to seek recognition.

- Where a statement of attainment or qualification submitted by a student does not meet the correct format or guidelines as outlined in the Australian Qualifications Framework, QAS is unable to accept this document as evidence for recognition. Students that submit invalid documents will be advised by QAS to contact their issuing RTO for a correct statement of attainment or qualification to be issued.

Copyright is a type of property that is founded on a person's creative skill and labour. It is designed to prevent the unauthorised use by others of a work, that is, the original form in which an idea or information has been expressed by the creator.

Copyright is not a tangible thing. It is made up of a bundle of exclusive economic rights to do certain acts with an original work or other copyright subject-matter. These rights include the right to copy, publish, communicate (eg. broadcast, make available online) and publicly perform the copyright material.

There is no general exception that allows a work to be reproduced without infringing copyright. Where a part of a work is copied, the issue is whether a substantial part of that work has been reproduced and thus an infringement has occurred. However, there is a 10% rule which applies in relation to fair dealing copying for the purposes of research or study. A reasonable portion of a work may be copied for that purpose, and a reasonable portion is deemed to be 10% of a book of more than 10 pages or 10% of the words of a work in electronic form.
